Degree of disability. In my opinion the said Jacob D. Lacar is _____ incapacitated for obtaining his subsistence by manual labor from the cause above stated.

Probable duration. The disability is ~~permanent~~

Particular description. A more particular description of the applicant's condition is subjoined:

Height, 5 - 8½; weight, 155; complexion, Dark

age, 38; pulse, 76; respiration, 18

A rifle ball passed horizontally across the left leg entering from the outside six inches below the Articulation of the Knee joint. It entered the outer head of the gastrocnemius passed just behind the fibula but knocking a splinter off of it an inch long, and was removed from the inner head of the same muscle at a point three inches from point of entrance. The cutting of this muscle weakens the limb so that pain and weariness readily results from walking
